## MRS. JENNIE M. KEMP AGAIN HEADS THE STATE W. C. T. U. OTHER OFFICERS RE-ELECTED

Mrs. Warde Swope of Portland, Vice President, Only New Official Named—Union Votes to Retain Old Salary List—Handsome Indian Robe is Presented President.

### BANQUET LAST EVENING IS ENJOYABLE AFFAIR

**Program This Evening.**  
The event this evening will be the diamond medal contest between six winners of silver, gold and grand-gold medals. The contestants will be Mildred Willis and Edna Everett of Yamhill county; Ted Jewett of Roseburg; Lillian C. Howe of Brownsville; Anna Barnes and James Gekeler of Elgin. The evening meeting will open at 7:30 and the contest will be preceded by scripture reading and prayer. Miss Nellie Anibal will sing during the evening. Mrs. Cecil Wilhelm will give a reading and there will be a humane education demonstration.

Mrs. Jennie M. Kemp of Portland was this afternoon re-elected president of the W. C. T. U. of Oregon in tribute to the great service she has rendered the institution during her incumbency. Mrs. Ward Swope of Portland was elected vice-president at large. Mrs. Mary D. Russell of Portland was re-elected corresponding secretary. Mrs. Madge Means of Shedd was re-elected recording secretary and Mrs. Margaret Houston of Portland was re-elected treasurer.

Though the election was scheduled for this morning it was postponed until 11 this afternoon. Two ballots were taken on each office, the first being an informal and nominating ballot. For president quite a number of ladies were nominated but on the second ballot there was only one contender for the honor besides Mrs. Kemp. The president received a total of 52 votes while Mrs. Mary D. Russell of Portland received 24.

Mrs. Henrietta Brown of Albany has been vice-president at large but illness prevented her attendance at the convention and led to her declining to serve further. The election of her successor was a friendly contest between Mrs. Swope and Mrs. Ida Masters of Roseburg and the former won by just one vote. She is not here and a telegram of congratulation was at once sent her.

The other three officers had no opposition though a number of complimentary votes were cast. For the po-

sitions of delegates to the national convention, the election resolved itself into finding someone who would consent to accept. The delegates must pay their own expenses. Mrs. S. A. Lowell, Mrs. J. C. Woodworth and Mrs. Gillis of Milton were all nominated for delegate at large but all were forced to decline. It was then proposed to elect any of the members who would consent to go and at present time the formal election had not taken place.

A great part of the morning session was taken up with the reports of various department workers.

**Salaries Remain the Same.**  
One of the important actions taken this morning was the retention of the old list of salaries for officers. There had been some sentiment for a reduction but the majority took the stand that the "laborer is worth his hire." The finance committee also recommended new methods for the raising of more funds to the end that all of the various departments of the organization will secure larger appropriations for the next year.

**Indian Robe to Mrs. Kemp.**  
A feature of the banquet last evening was the presentation to Mrs. Kemp, state president, of a beautiful Pendleton Indian robe, the gift of the Umatilla county union. It was given her in recognition of her splendid efforts for the cause.

The banquet served in the basement of the Methodist church, was largely attended last evening. It was presided over very graciously by Mrs. G. W. Hugg. Speeches of welcome were made by Mayor J. A. Best, representing the city; Judge S. A. Lowell, representing the Commercial association; Supt. A. T. Park for the schools; Mrs. E. T. Wade for the Civic Club; Mrs. W. D. McNary for the Parent-Teachers' association; Rev. J. E. Snyder for the churches and Mrs. S. A. Lowell for the local W. C. T. U.

Happy responses were made by Mrs. Edith Minchin, Mrs. Isabel Youngstrom and Mrs. Harriet Lonsdale. Mrs. Minchin brought forth laughter when she stated that none of the delegates could doubt the sincerity of Pendleton's welcome inasmuch as the very earth rose up to meet them, her allusion being to the dust storm that greeted the arrival of the delegation.

## LIVELY QUARREL OVER FARM LAND

On the reservation yesterday occurred a dispute that for a time threatened hostilities between the forces of Judge J. W. Maloney and men under the employ of Frank Rogers. Some Indian land to which Maloney says he has a valid lease and which he has been farming for four years was claimed by Rogers who on Tuesday took a crew of men to the ranch but found it in the possession of Maloney's employees. The Rogers men camped in the barn and claimed to have taken possession. According to Maloney they ordered him off the place but the request was refused and the Rogers' crew ordered to cease trespassing. Yesterday threats were made by Rogers that the stubble would be burned while the Maloney stock was in the field. At this stage the Maloney forces interfered and they carried a shotgun with them to the field. In order, it is said by the judge to protect the lives of his 20 head of horses and mules. During the argument Judge Maloney fired his gun into the air to show it was loaded, after he had been goaded with the remark it was not. Rogers then left for Iowa saying he would have a warrant sworn out. This afternoon his attorney Roy Raley said action would be taken but no papers had been served up to 3 p. m.

## COUNCIL DISCUSSES BUDGET OF EXPENSES

\$2500 Put in for Joint City and County Library if Differences are Adjusted or Otherwise for Maintenance of Separate City Library.

Discussion of the budget of expenses for the next year was the principal business of the council last evening. Upon the recommendation of Councilman Murphy, chairman of the finance committee, an item of \$2500 was put in the budget for library purposes, the same to be used as the city's share of maintaining the joint city and county library if the present differences are adjusted, otherwise to be used for the maintenance of a separate city library.

The appropriation for the police department as recommended by the finance committee will be only \$5500 as against \$6500 last year. This reduction results from the saving of \$1200 on the appropriation made a year ago, the figures of Chief Gurdane showing that the police department has cost considerably less this year than last. The cemetery appropriation will be increased from \$500 to \$550.

A lively tilt occurred when Councilman Murphy recommended against the purchase of an automobile for the fire department at this time, declaring that there is no money available. He took the position that it was false economy to buy a cheap car inasmuch as the proposed car would have to haul 500 feet of hose. He was of the opinion that at the end of the present tax year, next April, a suitable car could be purchased.

Councilman Phelps was of the same opinion about the standard of car to be bought but he did not vote strongly for the immediate purchase, declaring the protection of the city demands the extra equipment. Councilman Ell, chairman of the fire committee, declared the recommendation for a \$1200 car was made for the sole purpose of killing the proposition and declared positively that a \$400 car would suffice. The matter was held over until next meeting.

In the absence of Mayor Best, who attended the W. C. T. U. banquet, Councilman Murphy presided last evening. The ordinance defining a dinner was read last evening but not voted upon. Councilman Phelps declared he would not vote for it or any other ordinance until some of the present ordinances are enforced.

The ordinance assessing the costs of the Monroe street improvement was passed.

## FORMER WESTON PRESIDENT SAYS NORMAL SCHOOL SHOULD BE LOCATED IN LARGE TOWN

Robert C. French was president of the Normal school at Weston for many years and was its president when the Normal school was discontinued. He knows the condition at Weston better than any one else and he is strongly in favor of the Eastern Oregon Normal School being located at Pendleton. From his knowledge and experience he is thoroughly convinced that a Normal school to be successful must be located in a city of sufficient size to furnish practice teaching for the Normal students. He, like other educators, realizes that after extensive investigation by the Federal Bureau of Education and by other educators of note, that the fact has been thoroughly established that a city should have at least a thousand pupils in the public schools available for practice teaching before a commun-
